a new energy for a new tomorrow

Alternative Fuel Mowers

Informational Meeting

February 21, 2011 9:00am

Stokely Event Center 10111 East 45th Pl. Tulsa 74136

With fuel prices on the rise, how can you accurately project your operations costs? Learn the many benefits of each different type of alternative fuel mower:

- Save money on fuel
- Save money on maintenance
- Lower & more stable fuel price
- Extended mower life
- Longer run times
- Reduce fuel spillage, spoilage & theft
- Improve the health of your crew

Program will include:

- Overview of the benefits of Alternative Fuels
- Real Experiences: Hear from one local landscaper with a complete fleet of alternative fuel mowers
- Representatives from several major manufacturers will display their alternative fuel mowers & answer your questions!

To RSVP or ask questions, please call 918.579.9494, email ajaynes@incog.org, or visit TulsaCleanCities.com
